REPORT ON ONE DAY TRAINING PROGRAM ON DATA ANALYTICS AND CYBER SECURITY LAB

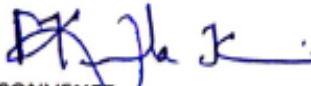

One-day training program has been organized on “Data Analytics and Cyber Security” on 27th Sep 2018. The Objective of the program is to give hands-on experience for all AKNU MCA affiliated College teaching staff those who are teaching Big Data Analytics and Cyber Security subjects. These are subjects recommended by APSSDC(Andhra Pradesh State Skill Development Center) to include in the curriculum of MCA/B.Tech/M.Tech courses keeping the demand for the skill oriented jobs in future.

Dr.M.Kamala Kumari and Dr.P.Venkateswara Rao had been the resource persons for Data Analytics and Cyber Security.

The agenda of this one program is to discuss/explain all the Advanced Lab Programs of MCA V Semester(2016 A.B) which includes the programs from the above mentioned subjects and also to demonstrate the execution of those programs. All the participants are requested to come with their laptops to get hands-on experience.

Total of 27 participants have participated from affiliated colleges and also faculty from our department.

We are glad that the purpose of organizing this Program has been justified.
