on

DIGITAL TECHNOLOGY IN EDUCATION: CONCERNS AND CONSEQUENCES

Date: 11th & 12th Nov, 2020, Time: 10:30 AM to 12:30 PM

Chief Patron

Prof. M. Jagannadha Rao
Vice-Chancellor
Adikavi Nannaya University,

Chairman

Prof. K. Subba Rao, Principal

Patron

Prof. B. Ganga Rao, Registrar

SPEAKERS

Prof. K.P. Subba Rao,
Project Director,
ICSSR, Impress
Dept of Education, AU

Prof. K. Pushpanadham,
Dept of Educational Administration,
MS University, Baroda

Prof. B. Ramesh Babu,
Dean, DE, RIE, Bhopal

Dr. V. Persis,
Principal, UC Eng

Convener

Dr. G. Elisha Babu,
Assistant Professor,
Course Co-Ordinator
9490645859

About the University

Adikavi Nannaya University (ANUR) was established in March 2006 at Rajamahendravaram, E.G. Dt. A.P, by Andhra Pradesh Legislature (Act 28). The university is named after a Telugu poet Nannaya Bhattu in eleventh century. He is known Adikavi in Telugu Literature. At present the university services to promote higher education in the East & West Godavari districts of Andhra Pradesh. This university aims to combine the pristine cultural ethos and the contemporary demands of educational excellence in its vision. The university aspires to address the specific requirements of the region and contribute to its socio-economic development.

About the University College of Education

The University College of Education was established in the year 2014. After formal approval of NCTE for the B.Ed., course, a Board of Studies was constituted under the chairmanship of Prof.K.Subba Rao, Principal, University College of Education, with senior teachers and Professors. Adhering to the guidelines of NCTE and APSCHE two year B.Ed., course with four semesters was implemented from the academic year 2015-16. The College of Education prepares students to become effective teachers and enables them to further educational pursuits. The dream of the College of Education is to impart quality education with high values and ethics and is committed to knowledge, skills and value based Education. It enables students to actively integrate these attributes into their career. Under the able leadership of the honourable Vice- Chancellor we organised FDPs and Webinars & Workshops in the lockdown period to impart quality education.

About Webinar

India is far behind some developing countries where Digital Education is getting increased attention. In countries where e-learning is popular, students have access to various online resources such as Massive Open Online Courses (MOOCs) which help the students. Academicians and professionals have to upgrade their skills. Digital Technology promotes learner autonomy and enables students to acquire knowledge. Indian education needs to take steps to lead the way in online education seriously and promote it earnestly.

Education must continue and students should keep on learning. Teachers should think creatively and introduce innovative ways, in a country where access to internet and high-speed connectivity is a problem and the digital divide is an issue. It is in this context of Covid-19 pandemic the teachers should seriously think and address the problems in digital domain. Developing various digital strategies by teacher is the need of the hour. Those who are involved in educational planning and administration should give serious thought to reduce the digital divide in the country and popularise digital learning.

As envisaged by the National Educational Policy 2020, education will play a critical role through information technology. It will play an important role in the improvement of educational processes and outcomes. Their relationship between technology and education is bidirectional. Teacher education is truly vital in creating the team of teachers that will shape the next generation. Teacher preparation is an activity that requires cutting edge technology in its process, for, these teachers are retrained and exposed to digital technology. The webinar proposes to initiate discussion and deliberation in the follow sub themes as well.

Sub Themes

1. Digital Technology in Education: School Education, Secondary Education and Higher Education.
2. Mobile-Learning, Machine Learning and Social Media as a Tool in Education.
3. Artificial Intelligence and its Role in Education.
4. E-Learning in Education.
5. NEP-2020 in Relation to Digital Technology.
6. Massive Open Online Courses (MOOCs) in Education.
7. Role-Modelling in the Context of Digital Education.
8. Innovative Pedagogy in Digital Learning.
9. Problems and Prospects in Digital Learning.
10. Status of Digital Technology in India.
11. Impact of Digital Technology in Research and Development.
12. Approaches of Teacher-Preparation in the Context of Digital Classroom.
13. Web-Based Learning in Education.
14. Embedded Learning in Teacher Education.
15. Impact of online teaching and learning in rural and scheduled areas.

Call for Papers:

Research and conceptual papers are invited from teachers, researchers, scholars and educationists on the listed sub themes in the medium of English language. Selected papers will be reviewed by Expert Committee and published with ISBN book.

Guidelines:
